- Your child can attend a class that isn't on their school day
- Class size limited to 10 children
- Class descriptions are on the other side

**DISCLAIMER!**  
**WE MUST HAVE 5 CHILDREN TO START  
THE CLASS!**

## **Enrichment Class Descriptions**

- **Gymnastics:** Basic skills of tumbling, balance beam, stretching and more will be the focus of Ms. Kelly's gymnastics class.
- **Taekwondo:** Beginning skills of Taekwondo will be brought in by Ms. Kathy, who also teaches this class outside of Little Blessings. The children will learn basic martial art techniques including: blocking, striking, balance and coordination. We'll also work on that very needed skill... self-discipline!
- **Advanced Spanish:** This class will kick it up a notch as Miss Lisa provides more Spanish exposure than the children usually get in their 15 minute daily class. She'll expand on customs as well as language; and rumor has it... there may be a "Cinco de Mayo" celebration!
- **Art:** Ms. Beth & Ms. Kristi will involve the children in the basics of art. Exploring the color wheel, mixing colors as well as different mediums. They will take on projects that will last one – three weeks per piece. Keep in mind that in preschool – art is a process not a product.
- **Ballet & Jazz:** Ms. Laurel will bring her experience in dance to Little Blessings. She'll expose the children to different types of music and beginning dance steps to accompany each piece of music.
- **Culinary Kids:** Cooking with kids can be fun! The skills gained from cooking range from math to cooperation to fine motor skills. Ms. Kerry will provide simple recipes that allow the children to help and encourage good eating habits at home.
- **Science & Discovery:** It's all about exploration! Ms. Jean has plans to take your child *Over the Rainbow* and onto *Twirling Tornadoes* and the depths of *The Solar System*. This class will involve experiments and develop critical thinking skills.
- **Stay & Play:** This is just what is says... the children will stay and play until 3:15. Knowing Ms. Marilyn, there will be lots of stories and nursery rhymes! This will be a great place for those younger siblings to stay while the older one is in class.
